

How can we make this rotation better for Weed/Nutrient Management

Year	Crop/cover crop
1	Corn
2	Soybean
3	Corn

- **Add a wider variety of crops**
 - **Alternate early & late season crops**

How could we make this rotation more weed suppressive?

Year	Crop/cover crop
1-3	Alfalfa
4	Corn Rye
5	Soybean
6	Wheat Clover
7	Corn Rye
8	Soybean Wheat
9	Alfalfa

- **Add a wider variety of crops**
 - Alternate early & late season crops
- **Add cover crops**

How do we fit Cover Crops into a Corn/Soybean Rotation????

- Aerial seed
- Highboy's
- Cultivate
- Rethink hybrids-varieties
- Delay planting?
- Bio energy crops?
